LOSS OF APPETITE

As a general rule there is nothing serious about a loss of appetite, and if you skip a meal or only eat two meals a day for a few days you will soon have a relish for your meals when meal time comes. Bear in mind that at least five hours should always elapse between meals so as to give the food ample time to digest and the stomach a period of rest before a second meal is taken. Then if you eat no more than you crave

and take a reasonable amount of outdoor exercise every day you will not need to worry about your appetite. When the loss of appetite is caused by constipation as is often the case, that should be corrected at once. A dose of Chamberlain's Tablets will do it.

ARRESTS TO FOLLOW VIOLATION OF DRY LAW

WASHINGTON, July 2.—Test cases on the sale of beverages containing more than one half of 1 per cent of alcohol will be brought immediately by the department of justice in all jurisdictions where such cases are not now pending.

"We propose to make immediate arrests of persons who violate the war time prohibition law, according to our interpretation thereof," Attorney General Palmer said yesterday.

"The department does not intend, however, to be swept off its feet the first day that prohibition comes into effect. We will proceed in an orderly fashion to establish whether intoxicating beverages prescribed by the law include those having less than 2 3-4 per cent alcohol."

Mr. Palmer reiterated that all persons violating the law might expect early and vigorous prosecution.

While there remains a question as to whether 2 3-4 per cent beer is intoxicating the department of justice will not attempt wholesale arrests, but if a decision in the pending case at Baltimore is favorable to the government prosecution will result promptly in all cases in which evidence has been obtained.

SUMMER COMPLAINT QUICKLY RELIEVED

"About two years ago when suffering from a severe attack of summer complaint, I took Chamberlain's Colic and Diarrhoea Remedy, and it relieved me almost instantly," writes Mrs. Henry Jewett, Clark Mills, N. Y. This is an excellent remedy for colic and diarrhoea and should be kept at hand by every family. Adv

Needed Prompting.

Mr. Jobling was asked by his wife to call at a shop on his way home and get her three articles of feminine wear. When she reached the shop he had forgotten what they were, so he said apologetically to the attendant behind the counter: "Excuse me, my wife told me to come here and get her some things to wear, and I've forgotten what they are! Would you mind naming a few things?"

Experimental.

"Dad," inquired a small boy, "what is a test case?" "A test case, my son," replied his parent, "is a case brought into court to decide whether there's enough in it to justify lawyers in working up more cases of a similar kind!"
